Re: Andalex Resources, Inc., Centennial Project, C/007/0019
Elimination of Sediment Basin B, Task # 2641

Dear Ms. Grubaugh-Littig and Mr. Hedberg:

On September 9, 2006 we applied for an amendment to the MRP to eliminate Sediment Basin B for the purpose of converting it into a parking lot associated with the future construction of a bathhouse facility. We are presently re-evaluating the location of this new bathhouse. Therefore we hereby request that this application be withdrawn at this time. Once we have finalized our plans we will re-submit the application in a modified form. Please note that the existing reviewers comments will be addressed in any future submittal and will therefore not involve any duplication of efforts by your staff.

Your consideration of this request is very much appreciated. If you have questions, please contact me at (435) 888-4017.

Sincerely,

Michael W. Glasson
Agent
